

MEASURING YOUR BRACELET

Wrap a tape measure tightly around where your wrist is broadest and add 2-centimeters (cm) to the measurement.

Next, find the closest bracelet size. Some customers prefer to roll the bracelet over the hand.

When measuring for a bracelet that will roll across the hand, measure tightly where your hand is the broadest.

NOTES:

- The most popular bracelet size is 19 cm.
- A bracelet is perfectly sized when you measure your wrist tightly and add 2 cm.
- If you are between sizes, ask yourself how you like to wear your bracelet. If you wear it tightly choose the smaller size and if you like to wear it loosely take the next size up.
- Please be aware that when you receive a new bracelet it will feel stiff, which can make it seem uncomfortably tight. The bracelet will quickly soften and become more flexible as you wear it.
- If you wear your bracelet often then it will grow about 1 cm over the first year. This timeframe will depend on how often you wear it and how many charms you have on your bracelet.
- If you start off with just a few charms, your bracelet might seem loose in the beginning. This will change as you add more charms.
- You can also measure a bracelet you already have. You should measure end-to-end, including clasp, for the correct size. Please bear in mind that if you have had your bracelet for a while (1 year+) it has possibly grown 1 cm.

CLASSIC BRACELETS

The PANDORA bracelets hold an average of 15-20 charms, spacers or safety chains depending on the size of the bracelet and/or charms.

Note: The PANDORA bracelet stretches over time as weight (e.g. charms) is put on the bracelet.

SAFETY CHAINS

PANDORA safety chains can be worn on a bracelet to keep the charms from falling off and being lost.

The safety chain is flexible on one side and can twist to make it easier to screw your safety chain on your bracelet. You want to make sure this side is screwed on last.

THE BARREL CLASP

1. Be careful when closing bracelets with the barrel clasp. Make sure that the tip of the bracelet is placed in the clasp and that the lock is closed securely.
2. Do not force the lock if it doesn't seem to want to close. Adjust the position of the tip of the bracelet and try again.

Note: There is a clasp opener (Item Number: 890000PCZ) available to purchase.

PANDORA ESSENCE COLLECTION

SIGNATURE BRACELETS

The PANDORA ESSENCE COLLECTION bracelets hold an average of 15-20 charms.

Note: The bracelets have been specially developed for the PANDORA ESSENCE COLLECTION and are not meant to be used with Moments charms, nor can the PANDORA ESSENCE COLLECTION charms be used on other PANDORA bracelets.

Using non-ESSENCE charms on ESSENCE necklaces or bracelets will void the one year warranty that comes with all PANDORA products.
